ENROLMENT

The great news is that we now have 61 enrolments for 1994! This is enough to make the target set by the DENI and we really are all systems GO for September 1994!

We are still taking more enrolments; there is no upper limit. In order to maintain and improve the balance we would welcome more enrolments from the Protestant tradition.

We have 212 pupils enrolled in total - a tremendous indication of the support that Shimna College has for the years ahead.

WE NEED TO SHOW THE DENI A HIGH LEVEL OF FUTURE ENROLMENTS AND NEED AS MANY AS WE CAN GET.

If you know of anyone, or have younger members of your family not enrolled, then please ask them to enrol NOW. Forms can be obtained from me.

STAFFING

As you may have seen, we have advertised for the Principal. We are looking for someone of the highest calibre and commitment with at least 8 years relevant experience at a senior level. NICIE are dealing with the application forms, and tell us that we are getting a large response. We interview towards the end of March.

All selection procedures for all staff are being carried out strictly in accordance with DENI procedures and practices. We have appointed advisers from the Civil Service, The Education Service, NICIE and a principal of an existing Integrated Secondary School to help us in this process - we intend to get only the best for Shimna College.

We will shortly be advertising for 7 more full time teaching staff, making a total of 8 staff to start in September 1994.

SITE & PREMISES

We have appointed the Building Design Partnership, a large Belfast team of Architects to be project managers for the construction of the College buildings. They are working with the DENI buildings branch and the planning authorities

DENI have instructed the Government district valuer to act on our behalf and negotiate a price and close the deal on the purchase of the site at Lawnfield. Despite some press reports, we are assured by the agent for the landowner that the site is for sale and ours if we want it.

THE PROPOSAL TO THE BOARD

In January, we submitted our formal proposal to the board for Grant Maintained Integrated Status under the provisions of Article 71 (2) (a) of the Education Reform (Northern Ireland) Order 1989.

This proposal is now being formally considered, and will take time to run its course. We are confident that we will gain Ministerial Approval for the College.

We have the full support from NICIE, who are commending us to DENI. No proposal that is supported by NICIE has ever been turned down.
